

Bad Salzungen, 15.02.2024

**Invitation
to the 10th International Sculpture Symposium
in the spa and district town of Bad Salzungen**

Dear Artists,

from 25th to 31st August 2024 the 10th International Sculpture Symposium in Bad Salzungen takes place.

On the initiative of sculptor Matthias Rug, the first event of this kind was held in Bad Salzungen in 2009. The sculptures created at this and the following symposia transformed parks and green spaces, public areas and private gardens in the village. Since then, art has been integrated into the cityscape.

This year we are celebrating an anniversary – the 10th International Sculpture Symposium. For the first time there is no specific title. In order to get very different results and give you maximum creative freedom, this year's theme is free.

We are looking forward to your suggestions. Please send us your sketches until April 26th 2024.

The terms and conditions of participation can be found in the attached form.

As mayor of the spa and district town of Bad Salzungen and patron of the event, I am pleased, as well as the initiator of the symposium, Matthias Rug, to your application.

Best regards,

Klaus Bohl
Mayor Bad Salzungen

Matthias Rug
Sculptor and Initiator
